

I regret to inform you all that I will be taking on another position elsewhere. I will cherish all of the precious moments I was so lucky to be a part of here at Waterford during my time as the Memory Care Community Manager. Thank you to all of you. You made my time here beyond enjoyable and I am grateful for the relationships we established as we focused in on the well-being of your loved ones.

This Isn't a goodbye, but a see you later.

Thank you.

### March Birthstone: Aquamarine

March's birthstone is aquamarine, a beautiful blue-green stone with a calming, soothing energy. In ancient time, this aquatic-blue stone was believed to protect sailors on oceanic voyages.

Aquamarine is a mineral beryl forming from cooling magma deep inside the Earth. Beryl has many beautiful gem varieties: intense green emerald, blue to blue-green aquamarine, golden yellow hellodor, rare red beryl and pink morganite.

St. Patrick's Day:  
Thursday, March 17th, 2022

Saint Patrick, who lived during the fifth century, is the patron saint of Ireland and its national apostle. Born in Roman Britain, he was kidnapped and brought to Ireland as a slave at the age of 16. He later escaped, but returned to Ireland and was credited with bringing Christianity to its people.

In the centuries following Patrick's death (believed to have been on March 17th, 461), the mythology surrounding his life became ever more ingrained in the Irish culture. Perhaps the most well-known legend of St. Patrick is that he explained the Holy Trinity (Father, Son and Holy Spirit) using the three leaves of a native Irish clover, the shamrock.
